Set at 1,610 metres in the Bucegi Mountains, within the Bucegi Natural Park, Hotel Peștera is one of Romania's highest-altitude five-star hotels. The property combines a mountain-retreat setting with the OXYGEN Spa & Wellness centre, indoor and outdoor pools, jacuzzi and saunas, the Kogaion Restaurant and year-round access to hiking, skiing and the natural landmarks of the Bucegi plateau.

"These three awards mean a great deal to us because they come directly from the guests who stayed with us. Being named Best Historical Hotel at global level, Best Mountain Retreat in Europe and Best Wellness Resort in Romania in the same year is a recognition of the entire team's work, from the front desk to the kitchen and the spa. Our aim has always been to offer a place where the mountain, the wellness experience and genuine hospitality come together, and this result tells us we are on the right path," said **Oana Voicu, General Manager of Hotel Peștera – Wellness & SPA.**

"Hotel Peștera is a family project and a long-term commitment to the Bucegi area. We have invested continuously in the property, its infrastructure and its team, and we will continue to do so. This recognition belongs to everyone who has contributed to it," added **Alexandru Calcan, Hotel Peștera – Wellness & SPA.**
